## Neoadjuvant therapy in the treatment of hilar ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC6658363>

Jun 27, 2019 · **Photodynamic therapy** (PDT) has been evaluated as a **neoadjuvant treatment** before surgery for advanced hCCA, by a German group[21]. Seven patients were included and managed to undergo an R0 resection; on the specimens, no viable tumor cells were found on the superficial layer of the bile duct into the depth of 4 mm.

<https://www.sciencedirect.com/science/article/pii/S014702722030101X>

Jun 20, 2020 · Intrahepatic cholangiocarcinoma (ICC) is a devastating malignant neoplasm with dismal outcomes. Several **therapeutic modalities** have been used with variable success to downsize these tumors for resection. **Neoadjuvant therapy** such as chemoembolization and radioembolization offer promising options to manage tumor burden prior to resection.
