### Mixed Adenoneuroendocrine Gastric Carcinoma: A Case ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3996252>

Mar 31, 2014 · Abstract We present a rare case of a gastric mixed adenoneuroendocrine tumor and review the related English literature. A 77-year-old **Caucasian woman** was admitted to our department with **nausea, anorexia**, weight loss, and anemia. Esophagogastroduodenoscopy showed a large (>7 cm) **ulcerative mass** in the greater curvature of the stomach.

Mixed neuroendocrine-nonneuroendocrine neoplasm (MiNEN) is defined as mixed epithelial neoplasms composed of both neuroendocrine and nonneuroendocrine components with variable proportions for each component. Neuroendocrine component can show morphological features including well- or poorly differentiated neuroendocrine neoplasms and nonneuroendocrine component can present different tumor types depending on the site of origin. Recently, studies of tumors have shown that MiNENs are not as r...
