Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 5986-review.doc).

Title: Pharmacogenetics research on chemotherapy resistance in colorectal cancer from the perspective of last 20 years

Author: Mariusz Panczyk

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 5986

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) Publication text has been shortened, the initial chapter on pharmacogenetics and a general description of the mechanisms of drug resistance have been removed.

(2) Removed the first three figures of the original text.

(3) Reduced the number of cited bibliographic entries from 559 to 487.

(4) Figures prepared in PowerPoint, and tables in Excel.

(5) At the end of each section describing the predictor / prognostic a short summary was inserted.

(6) The number of tables was not reduced because they are an important statement which allows readers to discern a wide range of published studies in two of the passing decades.

(7) The content of the manuscript has been subjected to correction by a professional linguist, including British spelling of words.

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,
