Jan 16, 2020 · Objective The aim of the present study is to examine how moderate-to-severe ulcerative colitis (UC) is currently managed in **real-world clinical** practice across the United States (US) and European Union Five (EU5; France, Germany, Italy, Spain, and the United Kingdom). Methods Data from the 2017 Adelphi **Inflammatory Bowel-Disease** Specific Programme (IBD-DSP) were used.
