## Readmissions among patients with COVID-19 - Atalla ...

<https://onlinelibrary.wiley.com/doi/10.1111/ijcp.13700>

**Hospital** readmissions have been a **common** and costly public health concern, 2 which jeopardizes patient safety, and can further drain **hospital** resources during a public health emergency period. Understanding how COVID-19 is associated with readmissions can have useful **implications** for policy making in an effort to optimise **healthcare delivery**.
