I found the authors did not add the PMID and DOI in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. Please revise throughout.

Author's response:

Thank you for your comment. DOI and PMID is now included for the references.

However, DOI or PMID is missing of the following references.

Reference 6 is an abstract and DOI is given

Reference 32,40,61 has PMID but not DOI. Unfortunately, I was not able to find it on PubMed.

Reference 37 is FDA site and link is given

Reference 53 has DOI but this journal is not on pub med.
