**Manuscript Type:** ORIGINAL ARTICLE

*Basic Study*

**Upregulation of long noncoding RNA W42 promotes tumor development by binding with DBN1 in hepatocellular carcinoma**

Lei GL *et al.* lncRNA W42 and HCC

**Abstract**

BACKGROUND

Hepatocellular carcinoma (HCC) is a malignancy globally. Accumulating studies have shown that long noncoding RNAs (lncRNAs) play critical roles in HCC.

AIM

However, the function of lncRNA in HCC remains poorly understood

Upregulation of long noncoding RNA W42 promotes tumor develop
