Proposal Number:

NPRP10-1221-160041

Awarded Amount:

\$675,002.00

Submitting Institution:

Hamad Bin Khalifa University

Project Status:

Award Active

Start Date:

01-Mar-2018

Lead Investigator:

Dr. Essam Abdelalim

Current Year:

Year 3 of 4

End Date:

05-Jun-2022

Submission Type:

New

Proposal Title:

hiPSC-based models to investigate the mechanisms underlying insulin resistance in the offspring of type 2 diabetic Qatari parents

Evaluation Outcome

Congratulations!

your proposal **NPRP10-1221-160041** entitled **hiPSC-based models to investigate the mechanisms underlying insulin resistance in the offspring of type 2 diabetic Qatari parents** has been awarded a grant under the **10th** cycle/call of the **National Priorities Research Program**.

As per the guidelines outlined in the RFP/CFP, your proposal falls within group **B** of the below evaluation outcomes, which represents **Competitive**.

	Group	Evaluation Outcome	Description
Shortlisted –Programmatic Review	A	Highly Competitive –Awarded	The proposal was evaluated to be an excellent research project during the review process (with minor to negligible weaknesses) and is, therefore, considered “highly competitive” for funding.
	B	Competitive – Awarded	The proposal was evaluated to be a very good research project during the review process (with moderate to minor weaknesses) and is, therefore, considered “competitive” for funding.
	C	Not Competitive – Not Awarded	The proposal was considered “not competitive” for funding, due to moderate to significant weaknesses identified by the review process as well as limited funds.
Not shortlisted	D	Not shortlisted – Not Awarded	The proposal was not shortlisted and is considered “not competitive” for funding due to significant weaknesses or shortcomings identified by the review process.

Your proposal went through two tiers review process, namely peer review and programmatic review, and the final decision was endorsed by QNRF’s Directors Committee. You can access the programmatic panel summary and the peer reviewers’ comments regarding the strengths and weaknesses of your proposal by clicking on the relevant tab from the left side Menu.

Please note the following important points:

- 1. This award shall comply with any condition stated in the panel summary.
- 2. This award is subject to the new reporting rules in the post-award phase.
- 3. The awarded budget will be subject to review and possible reduction. We will communicate with you regarding the way forward and the pre-funding requirements soon.
- 4. This award notification shall not be legally binding until the pre-funding requirements are fulfilled and the Master Research Funding Agreement (MRFA) is duly signed by your submitting institution and QNRF.

Finally, on behalf of QNRF, we would all like to extend our sincere congratulations to you for winning this grant and wish you much success in all your future research.
