

Dear Editor:

We have studied the valuable comments from you, the assistant editor and reviewers carefully, and tried our best to revise the manuscript. The point to point responds to the reviewer's comments are listed as following:

Responds to the reviewer's comments:

**Comment 1:** ...However, a minor editing is required. Both the format and the language. Some minor language polishing should be revised.

**Response:** We have revised the format and language of the manuscript and resubmitted the manuscript to AJE for refinement. We expect that our manuscript will meet the publishing requirements.

**Comment 2:** Figures 3 and figures 4 are not in high resolution, please update the images.

**Response:** We have resubmitted the updated versions of Fig.3 and Fig.4 in the revised manuscript.

**Comment 3:** References should be edited according to the journal's guidelines.

**Response:** References have been re-edited according to the journal's guidelines.

We hope that our revised version will be satisfactory for publication in WJD. Great thanks to you and the referee for the time and effort you expend on this paper.

Jian Du
