

## Biostatistics Statement

December 2, 2020

To whom it may concern,

Title: Impact of type 2 diabetes on adenoma detection in screening colonoscopies performed in disparate populations.

The statistical methods of this analysis were performed and verified by a biostatistician in Biostatistics and Bioinformatics Shared Resource, Stony Brook Cancer Center at Stony Brook University, Stony Brook, New York, USA.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, reading "Xiaoning Li". The signature is written in a cursive, flowing style.

Xiaoning Li, Ph.D.
