ESPS Manuscript NO: 6140

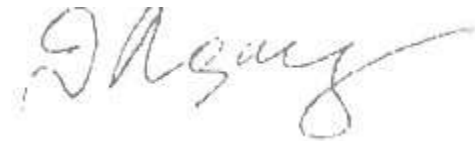

Title: Approaches that ascertain the role of dietary compounds in colonic cancer cells"
submitted to World Journal of Gastrointestinal Oncology

Dear editors,

The paper was written by four authors, one of whom is a native English speaker (Dr. Michael Bordonaro). All four co-authors have published many papers in English and consider themselves as proficient as any native language English speaker.

Also, the English language of our manuscript was evaluated at Grade "A" by all three reviewers. Therefore, we guarantee that we do not need to have the manuscript edited by English language editing companies.

Best regards,

A handwritten signature in dark ink, appearing to read "Dr. Bordonaro", with a long, sweeping horizontal stroke extending to the right.
