Apr 27, 2017 · Large-cell neuroendocrine carcinoma (LCNEC) is a high-grade neuroendocrine tumor. LCNECs arising from the genital organs are highly malignant and rare, with <20 cases of LCNEC developing from the uterine endometrium reported to date. We herein present the case of a patient with LCNEC of the endometrium.

Pure Large Cell Neuroendocrine Carcinoma of the Ovary with ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC5071943>

Ovarian Large Cell Neuroendocrine Carcinoma (LCNEC) is a recently described rare entity, which even more rarely occurs in a 'pure' form without any associated surface epithelial-stromal or germ cell component. Cervix **metastasis** of **ovarian** LCNEC has not been reported previously.

[Large cell neuroendocrine carcinoma originating from the ...](https://www.ncbi.nlm.nih.gov/pubmed/23087793)

<https://www.ncbi.nlm.nih.gov/pubmed/23087793>

Jun 26, 2012 · Neuroendocrine carcinomas (NEC) of the female genital tract are aggressive and uncommon tumors, which usually involve the uterine cervix and ovary, and are seen very rarely in the endometrium. Only **less than 10 cases** of **large cell** NEC (LCNEC) of the endometrium have been reported in the literature and their radiological findings are not well described.
