A Small Bowel Ulcer due to Clopidogrel with ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC6047549>

We report the first case of small bowel ulcers due to clopidogrel in a 74-year-old man. He presented with diarrhea and melena after having been taking low-dose aspirin (LDA) and clopidogrel. There was no evidence of bleeding in the stomach, duodenum, or colon. Capsule endoscopy showed multiple ulcers and erosions in the small intestine.

clopidogrel and bleeding - MedHelp

https://healthquestions.medhelp.org/clopidogrel-and-bleeding ·

The prolonged use of clopidogrel (Plavix) greatly reduces the risk of late thrombosis in DES, but clopidogrel itself poses problems. Aside from the expense and the risk of bleeding posed by the long-term use of this drug, using clopidogrel (because of the pronounced bleeding tendency it causes) essentially precludes any invasive medical ...

Small bowel bleeding: a comprehensive review ...

https://academic.oup.com/gastro/article/2/4/262/574111 ·

May 29, 2014 · The diagnostic yield of small bowel radiography has been reported to be 5–10% in patients with suspected small bowel bleeding [81, 82]. In a meta-analysis, the yields of small bowel barium radiography were 8% for any findings and 6% for clinically significant findings; in contrast, the yields of CE were 67% and 42%, respectively. Small bowel radiography is unlikely to be helpful in diagnosing vascular lesions, which are the most common cause of small bowel ...
