## [Patient Guide to Tumor Markers | OncoLink](https://www.oncolink.org/cancer-treatment/)

[https://www.oncolink.org/cancer-treatment/...](https://www.oncolink.org/cancer-treatment/) ▾

A tumor marker is a substance that is produced by a cancer, or by the body itself because cancer is present. Tumor markers are commonly used in cancer care to monitor treatment response or for recurrence of cancer, but they must be part of a bigger picture, including physical exam, patient symptoms and radiology studies.
