

## CERTIFICATE OF BIOSTATISTICS

TO WHOM IT MAY CONCERN

Respected Sir,

My name is Dr Aqil Ahmed Awan. I am a qualified biostatistician employed at a Private Company and doing freelance as well. I have gone through the manuscript titled "**Covid 19 and Mesenteric Ischemia: A Review**" by Dr. Asad Ali Kerawala.

The manuscript seems fine and biostatistically correct. Basic tests have been used and the methods used are appropriate for research.

Please contact me if you have any queries.

Sincerely.
