SPECIFIC COMMENTS TO AUTHORS

-the study is novel and is an important contribution in the field, However there are some points that need to be revised. 1-the method, the type of study, and the conclusion were not mentioned in the abstract. 2-The manuscript needs further proofreading and syntax and grammar corrections. for example in it is better to use "In December 2019 The world witnessed the emergence of" instead of " The December of 2019 saw the emergence of " 3-The limitations of the study were not discussed.
