

We want to thank the reviewers and editors for their input. In the following paragraphs we provide a point by point reply to each of the concerns raised. The modifications have been highlighted to facilitate their location in the manuscript.

- 1. Reviewer ID: 03820695. A table summarizing the evidence on PDAC diagnosis with AI has been included.**
- 2. Reviewer ID: 05260701. A table summarizing the evidence on PDAC diagnosis with AI has been included. The authors feel that Figure 3 is necessary. The process of centralized and federated data sharing is similar except for the information shared (which is clearly labeled in the figures).**
- 3. Science Editor. Author contributions section has been added to the manuscript. Original pictures have been sent to the journal.**
