

### **Answering Reviewers**

The article is interesting. It is a case report of a homozygous deletion in a family with Congenital Muscular Dystrophy. Reference section needs to be edited to follow acceptable styling like Vancouver.

Thanks to the comments of reviewers, the reference part of the manuscript has been revised.

(1) The “Author Contributions” section is missing. Please provide the author contributions.

*We have provided the author contributions in the manuscript.*

(2) The authors did not provide the approved grant application form(s). Please upload the approved grant application form(s) or funding agency copy of any approval document(s)

*We have uploaded the approved grant application forms and the funding agency copy of approval documents*

(3) The authors did not provide original pictures. Please provide the original figure documents. Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor

*We have arranged the figures using PowerPoint. All graphs or arrows or text portions can be reprocessed by the editor*

(4) PMID and DOI numbers are missing in the reference list. Please

*We have provided the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. We revised throughout*

(5) The “Case Presentation” section was not written according to the Guidelines for Manuscript Preparation. Please re-write the “Case Presentation” section, and add the “FINAL DIAGNOSIS”, “TREATMENT”, and “OUTCOME AND FOLLOW-UP” sections to the main text, according to the Guidelines and Requirements for Manuscript Revision.

*We have re-written the “Case Presentation” section, and add the “FINAL DIAGNOSIS”, “TREATMENT”, and “OUTCOME AND FOLLOW-UP” sections to the main text.*

*Thanks.*  
*Best wishes.*
