Request PDF | Avascular Necrosis after Minimally Displaced Talus Fracture in a Child | This is a case report of a delayed diagnosis in a 5 year old child who sustained a minimally displaced ...

## Frakturen des kindlichen Sprunggelenks und Fußes | Request ...

<https://www.researchgate.net/publication/234104620...>

Twenty-nine children sustained a major fracture of the talar body, neck, or head. Avascular necrosis occurred in 2 patients (7%), arthrosis in 5 (17%), delayed union in 1 (3%), neurapraxia in 2 (7 ...

## Current Diagnosis & Treatment in Orthopedics, 3rd ...

<https://silo.pub/current-diagnosis-amp-treatment-in-orthopedics-3rd-edition.html> ▾

The globular head contains the key functional domains of this molecular motor. Within the globular head (Figure 1-15) are domains that contain (1) the actin-binding site, (2) the nucleotide (ATP)-binding site, and (3) the enzymatic (ATPase) properties responsible for converting chemical energy in the form of ATP into mechanical work and heat.
