

Dear reviewers,

We are very glad to receive your reply. With regard to the questions raised by the reviewers, we give the following answers:

1. Some spell errors which can be corrected. well written and well concluded

Answer: We have examined the full text carefully and corrected the spell errors in the article.

2. The “Author Contributions” section is missing. Please provide the author contributions

Answer: We have added the “Author Contributions” to the front page of the article.

3. PMID and DOI numbers are missing in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. Please revise throughout.

Answer: We have added the PMID number and DOI number to the references list, and we have list all authors of the references.

4. The “Article Highlights” section is missing. Please add the “Article Highlights” section at the end of the main text.

Answer: We have followed the advice of the reviewers that add the "Article Highlights" to the end of the main text.

Best wishes!

Jian-Xia Xiong, Tao Cai, Li Hu, Xiao-Li Chen, Kun Huang, Ai-Jun Chen, Ping Wang.
