

**To Whom It May Concern:**

With this I certify that paper titled “Inflammatory bowel disease in Tuzla Canton in Bosnia and Herzegovina: A prospective 10-year follow-up“, authored by Dr Emir Tulumović, MD and al. was reviewed in term of biostatistics by a biomedical statistician and screened for potential flaws in design and biostatistical methodology.

Best regards,

Tuzla, January, 24th, 2021.
