

Certificate of native English speaker review and editing

The manuscript entitled **“Progress in the comprehensive management of chronic viral hepatitis, where we are and which we are missing to achieve WHO’s goals by 2030”** was reviewed and edited by Luis Servín-Abad, who is a native speaker of the English language, and works as a medical doctor (MD) at Saint Cloud Hospital, Centracare. St. Cloud Minnesota (MN), United States of America, 56303.

A handwritten signature in black ink, appearing to read 'Luis Servín-Abad', is written over a horizontal line. The signature is stylized with large loops and a prominent vertical stroke.
