IARC Publications <Publications@iarc.fr> to me Mon, 4 Jan, 06:07

Dear Dr Yelamanchi,

Thank you for your request for permission to reproduce, reprint or translate certain IARC/WHO copyrighted material.

On behalf of the International Agency for Research on Cancer/World Health Organization, we are pleased to authorize your request to reproduce the IARC/WHO materials as detailed in the form below, subject to the terms and conditions of the non-exclusive licence below.

If you have questions regarding this authorization, please contact publications@iarc.fr.

We thank you for your interest in IARC/WHO published materials.

Kind regards,
IARC Permissions team

SEER Data Request Approved

seertrack@imsweb.com to me Mon, 28 Dec 2020, 07:02

Thank you for your interest in the SEER Research Data. Your signed Research Data Agreement is on file at SEER. Your username and password have been generated for Internet access and they are shown below. Please note that both the username and password are case sensitive.

Username: 20669-Nov2019
Password: Hu9upRtb

These will allow you to use the SEER*Stat client-server system to access the SEER Research Data. The available datasets are listed on <https://seer.cancer.gov/data/access.html>

You can change your password once you log into SEER*Stat from the "Client Server User Information" option located under the Profile menu.

Activate Windows
Go to PC settings to activate Windows.
