SPECIFIC COMMENTS TO AUTHORS

The authors present a review on abdominal imaging in Covid-19. The topic described in the article is within the scope of the journal. It is well written and interesting results are presented for the area of knowledge, and they represent a scientific advance. However, there are some possible improvements: a) The article does not have an abstract or keywords. b) The conclusions are insufficient. They should be extended. c) The discussion should be extended to compare the results obtained with more similar studies.
