

Dear Editorial

I appreciate your kind review of my mini-review entitled “Biomarkers of graft-versus-host disease: understanding and applications for the future”.

I revised my manuscript as below.

I hope this revision is satisfactory and is accepted for publication.

1 : The title has ten words, not more than 18 words, which meets your request.

2 : The “Author Contributions” section is added. (page12, line 6-8)

3 : The approved grant application form written in Japanese is attached.

4 : The original picture made in Power Point is attached.

5 : PMID is added in the references.

Sincerely yours,

Masayuki Nagasawa, M.D., Ph.D.
