#### **SPECIFIC COMMENTS TO AUTHORS**

To the authors: "Recent update on comprehensive therapy for advanced hepatocellular carcinoma" My comments are as follows. 1. I think the sequential therapy with advanced HCC is very important. What do you think is the best combination therapy of the primary and secondary treatment? 2. What is your opinion on tertiary treatment with advanced HCC? 3. Which do you think is more important, high therapeutic effects or low adverse events, for a long prognosis? I hope that my comments will be useful in improving the article.
