

**Memorandum**

**Date:** 10-Dec-2012

**To:** Jinghong, Chen  
Internal Med-Endocrinology 143625

**Re:** Triennial Review

**Protocol Number:** 1801001A

**Protocol Title:** Therapeutics of irritable bowel syndrome

Having met conditions set forth by the Institutional Animal Care and Use Committee (IACUC), the Committee action was as follows:

**Approved - Triennial**

The effective period for this approval is **01-Jan-2013** to **31-Dec-2015**.

Approval of this protocol does not guarantee space availability for your animals.

Any addition, change, or modification to the procedures as currently approved in the protocol, must receive IACUC approval prior to implementation.

If you have any questions or require additional information, please contact the [IACUC Office](#).

Allan F. Silva  
Sr. Manager, Research Operations  
Institutional Animal Care and Use Committee
