Antibiotic Prophylaxis in Patients with Cirrhosis

<https://www.jwatch.org/na40206/2016/01/19/...> ▾

Jan 19, 2016 · This thoughtful review gives a good overview of **current antibiotic prophylaxis** recommendations for cirrhotic **patients** and provides a review of the trials demonstrating benefit. It also reviews the negative impact of multidrug resistance and identifies strategies to reduce or prevent multidrug resistance that need further research.
