FORTE

December 9, 2020

To Whom It May Concern:

This is to confirm that Dr. Hirono's manuscript entitled "Impact of continuous positive airway pressure therapy for nonalcoholic fatty liver disease in patients with obstructive sleep apnea: a prospective cohort study using transient elastography and serum fibrosis markers" has been edited by a native English speaker at Forte, Inc. Forte is a Japan-based company that employs editors and rewriters with a science background. We have been helping the Japanese scientific community to publish in international journals since 1987.

While this certificate confirms the authors have used Forte's editing services, we cannot guarantee that additional changes have not been made after our edits. Should you require any additional information about our services, please do not hesitate to contact our office.

Sincerely,

Forte, Inc.
