Dear Editor,

Thank you for reviewing our manuscript (WJO 64963). We have gone through the issues that have been raised and make necessary amendments. Please read our point-by-point response below for further clarifications.

Issues raised by reviewers:

- The authors did not provide original pictures. Please provide the original figure documents. Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor.

**Reply:** *Thank you for your comment. All pictures used in our manuscript are original anonymized photos from patients treated in our institution. They are now arranged in PowerPoint, please see the attached documents.*

- PMID and DOI numbers are missing in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references.

**Reply:** *Thank you for noting the missing information. The references are now updated with PMID and DOI numbers. They have been formatted accordingly to the "Format for Manuscript Revision: Minireviews". One reference is not indexed in PubMed, please see attached file for the PDF.*

- Please obtain permission for the use of picture(s).

**Reply:** *All pictures used in the manuscript are from our own institution and have been anonymized, therefore no permission is needed.*

- The column should be minireviews.

**Reply:** *The format of the manuscript has been changed to minireviews.*

- The author(s) must provide the Chinese version of the ethical approval document.

***Reply:** Thank you, the manuscript is a minireview and therefore no ethical approval is needed. All authors of the manuscript are Swedish and English speaking so there are no Chinese documents.*

- Step 1: Author Information

Please click and download the [Format for authorship, institution, and corresponding author guidelines](#), and further check if the authors names and institutions meet the requirements of the journal.

***Reply:** The title page and author information has been updated accordingly to the requirements of the journal. Please see the revised manuscript.*

- Step 2: Manuscript Information.

Please check if the manuscript information is correct.

***Reply:** The manuscript information has been checked.*

- Step 3: Abstract, Main Text, and Acknowledgements

- **Guidelines for revising the content:** Please download the guidelines for Original articles; Review articles; and Case report articles for your specific manuscript type (Minireviews) at: <https://www.wjgnet.com/bpg/GerInfo/291>. Please further revise your manuscript according to the guidelines for revising the content.
- **Format for Manuscript Revision:** Please update the format of your manuscript according to the guidelines and requirements for manuscript revision and the format for manuscript revision. Please visit <https://www.wjgnet.com/bpg/GerInfo/291> for the article type-specific guidelines and formatting examples.

**Reply:** *The manuscript has been revised according to the “Guidelines for revising the content” and “Formats for Manuscript Revision” in all areas including the Abstract, Main text and Acknowledgements.*

- Requirements for article highlights: If your manuscript is an original study (basic study or clinical study), meta-analysis, or systemic review, the “Article Highlights” section should be provided. Detailed writing requirements for “Article Highlights” can be found in the Guidelines and Requirements for Manuscript Revision.

**Reply:** *Thank you for your comment. The manuscript is a minireview and not an original study.*

- Step 4: References Please revise the references according to the Format for references guidelines, and be sure to edit the reference using the reference auto-analyser.

**Reply:** *All references have been revised according to “Format for reference guidelines” and “Format for Manuscript Revision: Minireview”.*

- Step 5: Footnotes and Figure Legends

- **Requirements for figures:** Please provide decomposable Figures (whose parts are all movable and editable), organize them into a single PowerPoint file, and submit as “**64963-Figures.ppt**” on the system. The figures should be uploaded to the file destination of “Image File”.
- Requirements for tables: Please provide decomposable Tables (whose parts are all movable and editable), organize them into a single Word file, and submit as “64963-Tables.docx” on the

system. The tables should be uploaded to the file destination of "Table File".

**Reply:** Thank you, the pictures used in the manuscript are now organized in a PowerPoint. Please see the attached file named "64963-Figures.ppt".  
The manuscript does not include any tables.

○ Step 6: Automatically Generate Full Text Files

Please download the "Full Text File" or click "Preview" to ensure all the contents of the manuscript automatically generated by the system are correct and meet the requirements of the journal.

**Reply:** All documents have been tested to meet the requirements of the journal.

○ Step 7: Upload the Revision Files

begin the uploading process via the F6Publishing system. Then, please download all the uploaded documents to ensure all of them are correct.
