World Journal of Gastrointestinal Oncology

Dear Editor and reviewers,

We thank the editorial board for the comments about our manuscript (65218) entitled "Liver tumors in children with chronic liver diseases". The manuscript has been thoroughly revised according to the reviewer's comments.

We look forward to hearing your positive response to this revised manuscript.

Below are the answers to the reviewer's comments.

Response to Reviewer 1

Comments: The authors focused on liver tumors in children with underlying chronic liver diseases, their epidemiology, pathogenesis, early recognition, and effective management. The scientificity, advancement and practicability were good.

Answer:

We sincerely appreciate the reviewer's comments and thank you very much indeed for this empowerment.

Response to Science editor:

5 Issues raised: (1) the authors did not provide original pictures. Please provide the original figure documents. Please prepare and arrange the figures using PowePoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor.

Answer:

We prepare the original pictures of figure 1-8 into PPT file named "65218-Figures.ppt" and table 1-3 into a single word file named "65218-Tables.docx".

Once again, thank you very much for your comments and suggestions.

Sincerely yours,
