#### **SPECIFIC COMMENTS TO AUTHORS**

Review of the article Role of near-infrared fluorescence in colorectal surgery for the World Journal of Gastroenterology review article fulfills its role, informs about the results of recent literature on the role of ICG in colorectal surgery. The information in it is correct. The citations are recent, selected articles are crucial. I have a reservation on the accuracy of citations - please check the names of the cited authors mentioned in the text of the work (not Denadi, but Denardi ..) as well as citations have their DOI traceable to PUBMED. I recommend the article for publication.
