### **SPECIFIC COMMENTS TO AUTHORS**

Manuscript entitled “ Composite Intestinal Adenoma-Microcarcinoid (CIAM): An update and literature review” has been assessed according to the journal “ World Journal of Gastrointestinal Endoscopy” publication criteria. The title reflect the main subject/hypothesis of the manuscript. The abstract summarize and reflect the work described in the manuscript. The key words reflect the focus of the manuscript. The manuscript adequately describe the background, present status and significance of the study. As this study is a review, there is no methods, results or discussion sections in the study but it is adequately designed according to the journal’s review template. Manuscript cited appropriately latest, important referances and there is no over citing. There were no tables but figures are appropriate to the manuscript style. This review is well diesgned and written It contributes to the issue which was not known. Composite intestinal adenoma-microcarcinoid (CIAM) is new entity thus authors brought new insights with this review. I think this review is appropriate for readers’ of “ World Journal of Gastrointestinal Endoscopy”. It can be published without revision according to my assessment
