Surgery.  
Pond Street, Hampstead,  
London, NW3 2QG

18<sup>th</sup> March 2021

To whom it may concern,

**Article title:** Application of robotic technologies in lower gastrointestinal tract endoscopy: A systematic review.

**Corresponding Author:** Mr Reza Mirnezami MB BS BSc FRCS PhD. The Royal Free Hospital, Pond Street, Hampstead, London, NW3 2QG. Tel: 0207 472 6259 Ext 38666. Email: [reza.mirnezami@nhs.net](mailto:reza.mirnezami@nhs.net).

In view of this article being solely a systemic review, I can confirm that a Biostatistics Certificate signed by a biostatistician is not required.

Please contact me for any queries or concerns.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'R. Mirnezami', with a long horizontal stroke extending to the right.

Mr. Reza Mirnezami

Colorectal and General Surgeon, The Royal Free Hospital.
