SPECIFIC COMMENTS TO AUTHORS

Good scientific article. Specially, Prone Position management policy is good idea. I suggest : 1. Off-level use of Somatostatin /octreotide and surgical options should also be discussed more. 2. References citation in article should be in sequence. 3. Reference from "Schild HH, Strassburg CP, Welz A, Kalff J. Treatment options in patients with chylothorax. Dtsch Arztebl Int. 2013 Nov 29;110(48):819-26. doi: 10.3238/arztebl.2013.0819. PMID: 24333368; PMCID: PMC3865492." can also be added before reference no. - 23.
