Dear Sir,

We hereby certify that both Dr. Ahmed Elghoudi and Professor Hassib Narchi are British citizens, fully trained in the United Kingdom with a long career as consultant paediatricians in the British National Health Service. Both are fellows of the Royal College of Paediatrics and Child Health in the UK and have published extensively in peer-reviewed medical journals.

For all these reasons, they never had to use before nor do they need now an English Editing Certificate.

Yours sincerely,

Dr Ahmed Elghoudi
