

Dear Editor,

We appreciate the efforts and the comments that reviewers have made for the manuscript "Solid extraintestinal malignancies in patients with inflammatory bowel disease". Please find below the Point-by-point response letter. I remain at your disposal for any further clarifications.

Kind Regards

Ioannis Koutroubakis MD PhD

Reviewer

Abstract

- 1.** Add the aim of the manuscript in the abstract

Thank you for the valuable comment. The aim is added in the revised manuscript.

Thyroid cancer

- 2.** Prefer Caucasian instead of "white" when describing "Thyroid cancer (TC) is the most common endocrine cancer, and is more common in white, young adults, predominantly females."

According to your suggestion the word "white" was replaced with the word "Caucasians".

Concluding remarks

- 3.** Correct "such as anti-indegrins" to "anti-integrins" in "Concluding remarks".

Please find “such as anti-indegrins” replaced with “anti-integrins” in the revised manuscript.
