Gallbladder cancer: Can newer insights improve the outcome ...

<https://onlinelibrary.wiley.com/doi/full/10.1111/j.1440-1746.2011.07048.x>

Dec 14, 2011 · Introduction. Gallbladder cancer (GBC) originates from the mucosal epithelial lining of the gallbladder (GB) and the cystic duct. The GB is the most common site for biliary tract cancers. 1 The incidence of GBC is characterized by marked geographic and ethnic variations. 2 Curative resection provides the only hope of long-term cure and survival. 3 However, most patients with GBC have ...
