To Whom It May Concern

Ref: Certificate of Biostatistics

Title of Study: Acute liver failure with hemolytic anemia in children with Wilson disease: genotype-phenotype correlations?

Authors: Tudor Lucian Pop, Alina Grama, Ana Ștefănescu, Claudia Willheim, Peter Ferenci

This letter is to confirm that I have read the study mentioned above and that, in my opinion, the included statistical methods and techniques are appropriate for the pursued research.

Sincerely,

Horia F. Pop
