Sub: Non-Native Speakers of English Editing Certificate (ID# 03797142) – Reg.

Dear Editor,

This is with regard to the subject mentioned above. As we do not have any fund to absorb the cost for professional services (as listed in the author's guideline) to carry out language editing, grammar check and certification, it was not carried out through those listed agencies. However, as the corresponding author, I state that a Researcher from Native English Speaking country has gone through the article for language and grammar check. Therefore, I request you to consider this.

Thanking you

Regards,  
Jeyakumar SM
