TO WHOM IT MAY CONCERN

Title of study : Neutrophil-lymphocyte ratio can predict response to percutaneous catheter drainage in patients with acute pancreatitis

Chief Investigator : Dr.Usha Dutta,
Professor & Head
Department of Gastroenterology
PGIMER, Chandigarh

This letter is to confirm that I have read the ethics application prepared for this study and that in my opinion the statistical methods and techniques mentioned are appropriate for the research. I have been specially trained in Health Research Methodology at McMaster University, Canada.

Please contact me if you have any queries

Sincerely

(USHA DUTTA)
