November 30, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 6917-review.doc).

**Title:** Clinical Approaches to Non-Alcoholic Fatty Liver Disease

**Author:** Katherine JP Schwenger & Johane P Allard

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO:** 6917

The manuscript has been improved according to the suggestions of reviewers:

1 The language has been polished

2 A revision has not been made according to the suggestions of the reviewer

(1) The obese mice study recommended by a reviewer does not coincide with the description of the literature in the pathogenesis section, as we are referring to human studies and not animal studies.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Johane Allard MD FRCP  
Professor of Medicine  
Department Director, Division of Gastroenterology  
University of Toronto
