

December 20, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 6938-review.doc).

Title: Mesenchymal stem cells help pancreatic islet transplantation to control type 1 diabetes

Author: Marina Figliuzzi, Barbara Bonandrini, Sara Silvani, Andrea Remuzzi

Name of Journal: *World Journal of Stem Cells*

ESPS Manuscript NO: 6938

The manuscript has been improved according to the suggestions of Reviewers. In the revised version, modifications are highlighted in red.

1 Format has been updated

2 Revision has been made according to the suggestions of the Reviewer

00503542 We agree with this comment of the Reviewer and we modified the manuscript following his suggestion.

00646289 As suggested, we changed the title to indicate that this manuscript includes a general overview and we shortened the Introduction to meet the expectations of the title more clearly. We corrected typos in writing, according to the suggestions of the Reviewer.

00631844 We thank the Reviewer for careful consideration of our work.

3 References and typesetting were corrected as suggested.

Thank you again for your support and for publishing our manuscript in the *World Journal of Stem Cells*.

Sincerely yours,

Marina Figliuzzi
