Re: Editing Certificate

To whom it may concern,

This is to confirm that I, Mary Heaney Margreiter, have today edited the manuscript "The analogies between Medusa and Single Port Surgery" for language correctness and found this manuscript to be very suitable for publication from a language standpoint. Authors and affiliation: Mittermair C, Weiss H, Department of Surgery, Saint John of God Hospital, 5010 Salzburg, Austria

I am a native English speaker, freelance translator/interpreter, professional language editor and Sworn Court Interpreter for the Austrian government. My editing credentials can be found at http://margreiter-translation.com/e_journals-and-books.html.

Yours sincerely,

Mary Heaney Margreiter
