

## Certificate of Translation

To whom it may concern:

I, Zhou Gang, of Beijing Xinglin Medtrans Centre, do hereby certify that the following document is a true and accurate translation, to the best of our abilities, of the original document. This document certifies that the manuscript entitled "Vedolizumab in the treatment of immune checkpoint inhibitor-induced colitis : A case report" was proofread and edited for proper English language, grammar, punctuation, spelling, and overall style by one or more of the qualified scientific editors of whom are native English speakers. Neither the research content nor the authors' intentions were altered in any way during the editing process.
