Dear Sir / Madam,

**DR. CHAN KOK SEONG**  
(MALAYSIAN NATIONAL SPECIALIST REGISTRATION: 135497)

Please be informed the above named Medical Doctor is a **native writer** in English and an employee at Sabah Women and Children Hospital (Hospital Wanita dan Kanak-Kanak Sabah). It is critical that our medical professionals are proficient in their use of English at our hospital.

Other than the national language of Malay, English is the most commonly used language between all races, ethnicities, and cultures in Malaysia. Typically, hospitals and clinics in the country use a mixture of the two languages in their communication with patients. Hence, it is critical that medical professionals are proficient in their use of English.

Thank you.

Yours Sincerely,
