SPECIFIC COMMENTS TO AUTHORS

The title of the article is prepared as if the keywords were given. The title needs to be more fluid and engaging. Title page is not prepared according to the format of the WJG series. The article should be re-prepared based on the appropriate article format on www.wjgnet.com. The reference list should be prepared according to the WJG series and the citation number in the text should be given appropriately. The information in the article is interesting, but I will make my final decision after the article is prepared according to the WJG format.

SPECIFIC COMMENTS TO AUTHORS

The paper by Xing cheng Zhang and Yun Sun underlines the advantages of a correct diagnosis in cases of trauma-induced pituitary crisis, although rare in patients with hypopituitarism, In my opinion, the manuscript is well written and can be accepted in the present form.

SPECIFIC COMMENTS TO AUTHORS

In this manuscript, the authors have reported a case titled Trauma - shock - - pituitary crisis. The main issues are as follows: 1- The manuscript must be carefully proofread for grammar, spelling, and punctuation issues. 2- It is recommended to rewrite the title to reflect the manuscript's content better. 3- It is recommended that authors improve the design of Table and Figure.
