

London, 23 of December 2021

To whom it may concern:

I can confirm that Professor Jose Bines has performed his training in the United States and Dr Bruno de Paula works as a medical doctor in the UK since 2019.

Both have met English requirements for registration and have been publishing in high impact factor journals not requiring an English proofing review.

Yours sincerely,

A handwritten signature in grey ink, appearing to read 'B. de Paula', with a stylized flourish at the end.
