

## PEER-REVIEW REPORT

**Name of journal:** *World Journal of Clinical Pediatrics*

**Manuscript NO:** 74604

**Title:** Children with lysinuric protein intolerance: Experience from a lower middle income country

**Provenance and peer review:** Unsolicited Manuscript; Externally peer reviewed

**Peer-review model:** Single blind

**Reviewer's code:** 05906378

**Position:** Peer Reviewer

**Academic degree:** MD

**Professional title:** Doctor

**Reviewer's Country/Territory:** China

**Author's Country/Territory:** Pakistan

**Manuscript submission date:** 2021-12-29

**Reviewer chosen by:** AI Technique

**Reviewer accepted review:** 2022-01-01 05:29

**Reviewer performed review:** 2022-01-01 06:12

**Review time:** 1 Hour

<b>Scientific quality</b>	<input type="checkbox"/> Grade A: Excellent <input checked="" type="checkbox"/> Grade B: Very good <input type="checkbox"/> Grade C: Good <input type="checkbox"/> Grade D: Fair <input type="checkbox"/> Grade E: Do not publish

### **SPECIFIC COMMENTS TO AUTHORS**

Comments: 1. You need to write the introduction first and then the objectives in the abstract section. 2. In the abstract section, the conclusion needs to be rewritten, focusing on the results of the current study. 3. Please write the subheading in the method section for a better understanding. 4. Please provide the filled questionnaire as supplementary data and mentioned in the manuscript. 5. Please write the subheading in the results section for a better understanding. 6. In the result section, along with the number of cases, also write the percentage of the occurrence. The percentage also needs to be mentioned in the abstract section. 7. "Rest of the data was missed" Write the reasons for missing data. 8. In fig 2 on X and Y-axis, mention the captions 9. In the discussion section, paragraph 2, "Our patients presented...." needs to be replaced by "The cases reported in the current study presented...." 10. In table 1 from Pakistan, you can write the present study's findings, and in the reference, you can write "This study." 11. The conclusion section is concise need to be improved 12. For reference 8, is there not available updated CLSI guidelines?, if available, please cite the latest version

#### **SPECIFIC COMMENTS TO AUTHORS**

This is an interesting case reports on lysine protein intolerance. However, the manuscript needs only minor revision prior to acceptance. 1, the author need to provide background precisely and the conclusion should be pertinent to the findings in the abstract section. 2. You are suggested to provide the outcome following the treatment. and 3. Gene sequencing is useful for diagnosis; so it should be considered if available.
