Title: Prevalence and Factors Associated with Non-adherence to Therapy Among Partners of Pregnant Women with Syphilis in a city of Northeastern Brazil

Reviewer #1

Dear reviewer,

We are glad for the great evaluation and for your comments about our manuscript. Your suggestions were very useful in the improvement of the scientific quality of this article. We added the references you suggested and they were highlighted in blue in the manuscript file.

Best Regards,

Fabício Freire de Melo

Professor, PhD

Reviewer #2

Dear reviewer,

Thank you for your evaluation of our manuscript. The suggestions you provided were crucial for the improvement of the quality of our manuscript. We have highlighted the changes performed according to your suggestions in yellow in the manuscript file. We have improved the English language of the manuscript and made the specific changes suggested in each subtopic of the

manuscript, with the inclusion of new references. Moreover, we included a new figure with a flowchart in the section “Methods”.

Best regards,

Fabrício Freire de Melo

Professor, PhD
